

1975 – 2025

50 Jahre Geobotanik

Jubiläum | *Anniversary*

Fr. 11. & Sa. 12 Juli 2025

Feier | *Reception*

Freitag Nachmittag & Abend |
Friday afternoon & evening
ab | *starting* 16 Uhr

Botanischer Garten Freiburg

Für Aktive, Alumni, Freundinnen
und Freunde der Geobotanik

*For active staff, alumni and friends
of the Geobotany department*

Symposium

Freitag Vormittag | *Friday morning*
9 – 12 Uhr

Hörsaal Biologie I (Zoologie)

Mit | *with*

Prof. Dr. Jasmin Joschi
Prof. Dr. Johannes Kollmann
Dr. Michael Nobis
Prof. Dr. Michael Rudner

Excursion

Samstag | *Saturday*
9 - 17 Uhr

Schauinsland

Geführte Tour im Gipfelumfeld
Guided tour around the summit area

universität freiburg

1975 – 2025

50 Years Geobotany

Symposium

11. July 2025 | 9 – 12 a.m.

Biology 1 (Zoology) | Lecture hall

Dr. Michael Nobis

Swiss Federal Research Institute WSL Birmensdorf

From post-glacial migration to current biological invasions: novel avenues to study the distribution dynamics of plants

Prof. Dr. Johannes Kollmann

Technical University of Munich

Fifty years of grassland research: vegetation description – functional ecology – green infrastructure

Prof. Dr. Jasmin Joshi

Eastern Switzerland University of Applied Sciences Rapperswil

Urban greening and the underused potential of biodiversity effects

Prof. Dr. Michael Rudner

University of Applied Sciences Weihenstephan-Triesdorf

Vegetation patterns in cultural landscapes: From uncovering relationships to action planning

universität freiburg
